Font Creation

Free and subscription style fonts www.fonts.com

A subscription based service on a wide range of fonts. www.myfonts.com

PowerPoint Alternatives

1. Prezi http://www.prezi.com - Prezi is cloud-based presentation software that opens up a new world between whiteboards and slides. The zoomable canvas makes it fun to explore ideas and the connections between them. The result: visually captivating presentations that lead your audience down a path of discovery.

2) Slide Rocket www.sliderocket.com - Although it is a paid service they have very strong free version with most important features included – unlimited presentations and 250Mb of storage. Try! And if you like this service you can upgrade any time.

3) Zoho Show www.showzoho.com - Zoho always stands out with very rich applications from the side of functionality and offered possibilities. They have wide range of other business apps so you may want to check them out too.

4) Empressr www.empressr.com **-** Also very good alternative to PowerPoint with many interesting features like easy embeddable content from Flickr, Photobucket, Google and others. Empressr have also nice sharing platform.

Manage, Organize and present

JOG THE WEB is a web-based tool that allows anyone to create a synchronous guide to a series of web sites. Its step by step approach of taking viewers through web sites allowing the author to annotate and ask guiding questions for each page is unique.
Give it a try and start creating your own Jogs. www.jobtheweb.com

Easy to use site makes it easy to organize and share resources.
